

Curriculum Vitae

NAME: **David Alex Hochberg, M.D.**

ADDRESS: 4700 N. Habana Ave., #505
Tampa, FL 33614

Office: (813) 877-7434

Fax: (813) 879-2015

E-mail: Main@HochbergUrology.com

MEDICAL EDUCATION: University of Miami School of Medicine
Miami, Florida
Graduated (M.D.): 1995

POSTGRADUATE EDUCATION:

Residency: General Surgery
Lenox Hill Hospital
New York, New York
July 1995 to June 1997

Urology
Lenox Hill Hospital
New York, New York
July 1997 to June 2001

**UNDERGRADUATE
EDUCATION:** Tulane University
New Orleans, Louisiana
B.A. (History), 1987

MEDICAL LICENSURE: Florida: Active
New York: Inactive

PUBLICATIONS

Original Articles:

1. Thyrotoxic Periodic Paralysis in a Black Man.
Hochberg DA, Paniagua D, Vassolo M
Southern Medical Journal; 1996; 89: 735-7.
2. Incidental Prostatic Adenocarcinoma in Patients Undergoing Radical Cystoprostatectomy for Bladder Cancer
Abbas F, Hochberg DA, Soloway M
European Urology 1996; 30: 332-6.
3. Cystitis Glandularis.
Images in Urology
Hochberg DA, Motta J, Brodtherson MS
Urology 1998; 51: 112-3.
4. Prostate Specific Antigen is a Valuable Estimate of Prostate Volume in Patients with Biopsy Proven Benign Prostatic Hyperplasia
Hochberg DA, Armenakas NA, Fracchia JA
The Prostate 2000; 45: 315-9
5. Interstitial Fibrosis Of Unilateral Ureteral Obstruction Is Exacerbated In Kidneys Of Mice Lacking The Gene For Inducible Nitric Oxide Synthase
Hochberg DA, Johnson CW, Chen J, Cohen D, Stern J, Vaughan ED Jr, Poppas D, Felsen D
Laboratory Investigations 2000; 80: 1721-8
6. Traumatic Avulsion of the Dorsal Penile Artery Mimicking a Penile Fracture
Armenakas NA, Hochberg DA, Fracchia JA
Journal of Urology 2001; 166: 619
7. Erectile Function After Anterior Urethroplasty.
Coursey JW, Morey AF, McAninch JW, Summerton DJ, Secret C, White P, Miller K, Pieczonka C, Hochberg DA, Armenakas N.
Journal of Urology 2001; 166:2273-6
8. Diminished Suburethral Prostatic Microvessel Density In Finasteride Treated Prostates: A Possible Mechanism For Reduced Bleeding In Benign Prostatic Hyperplasia.
Hochberg DA, Basillote JB, Armenakas NA, Vasovic L, Shevchuk M, Pareek G, Fracchia JA.
Journal of Urology 2002; 167: 1731-3.
9. The Effect of Finasteride on the Expression of Vascular Endothelial Growth Factor and Microvessel Density: A Possible Mechanism for Decreased Prostatic Bleeding in Treated Patients. Pareek G, Shevchuk M, Armenakas NA, Vasjovic L, Hochberg DA, Basillote JB, Fracchia JA

Journal of Urology 2003; 169: 20-23.

10. Influence of Prostate Volume in the Detection of Prostate Cancer.
Basillote JB, Armenakas NA, Hochberg DA, Fracchia JA.
Urology 2003; 61: 167-71.

Abstracts:

1. Interstitial Fibrosis Is Exacerbated In Unilateral Ureteral Obstruction In Mice Lacking The Gene For Inducible Nitric Oxide Synthase
Hochberg DA, Chen J, Vaughan ED Jr., Felsen D
American Urological Association, Annual Meeting 1998
Abstract: J. Urol. 159: 68, 1998
2. Prostate Specific Antigen as a Surrogate for Prostate Volume in Patients with Biopsy Proven Benign Prostatic Hyperplasia.
Hochberg DA, Basillote JB, Fracchia JA
American Urological Association, Annual Meeting 1999
Abstract: J. Urol. 161: 287, 1999
3. Estimating Prostate Volume in Benign and Malignant Disease: Sonographic Assessment in 1,028 Men
Basillote JB, Hochberg DA, Fracchia JA
American Urological Association, Annual Meeting 1999
Abstract: J. Urol. 161: 393, 1999
4. Sexual Outcomes of Anterior Urethroplasty
Coursey, JW, Morey AF, McAninch JW, Mario L, Miller K, Pieconka C, Armenakas NA, Hochberg D, White P, Secrest C
American Urological Association, Annual Meeting 2000
Abstract: J. Urol. 163: 70, 2000
5. Microsurgical Penile Revascularization for Arterial Insufficiency: 10-Year Follow-up of Function Utilizing the Sexual Health Inventory for Men
Rivera AD, Basillote JB, Hochberg DA, Lizza E
American Urological Association, Annual Meeting 2000
Abstract: J. Urol. 163: 222, 2000
6. Diminished Suburethral Prostatic Microvessel Density in Finasteride Treated Prostates: A Possible Mechanism of Reduced Bleeding in Benign Prostatic Hyperplasia
Hochberg DA, Basillote JB, Scherr D, Shevchuk M, Fracchia JA
American Urological Association, Annual Meeting 2001
Abstract: J. Urol. 165: 378, 2001
7. An Assessment of the Most Valuable Prostate Specific Antigen Based Parameters in Predicting Prostate Cancer on Repeat Biopsies
Basillote JB, Hochberg DA, Armenakas NA, Fracchia JA

American Urological Association, Annual Meeting 2001

Abstract: J. Urol. 165: 97-8, 2001

8. The Influence of Prostate Volume in the Detection of Prostate Cancer: An Analysis of 4376 Men
Basillote JB, Hochberg DA, Armenakas NA, Fracchia JA
American Urological Association, Annual Meeting 2001
Abstract: J. Urol. 165: 312, 2001
9. Serum Free Prostate Specific Antigen as a Predictor of Prostate Volume in Men with Biopsy Confirmed Benign Prostatic Hyperplasia and Serum Total Prostate Specific Antigen < 10.0ng/ml
Basillote JB, Rivera A, Pareek G, Hochberg DA, Armenakas NA, Fracchia JA.
American Urological Association, Annual Meeting 2002
Abstract: J. Urol.
10. The Effect Of Finasteride On The Expression Of Vascular Endothelial Growth Factor And Microvessel Density: A Mechanism For Decreased Prostatic Bleeding Observed In Treated Patients
Pareek G, Shevchuk M, Basillote JB, Rivera AD, Hochberg DA, Armenakas NA, Fracchia JA
American Urological Association, Annual Meeting 2002
Abstract: J. Urol.
11. The Accuracy Of Hounsfield Units On Computed Tomography In Predicting Stone Free Rates After Extracorporeal Shock Wave Lithotripsy
Pareek G, Basillote JB, Rivera AD, Hochberg DA, Armenakas NA, Fracchia JA
American Urological Association, Annual Meeting 2002
Abstract: J. Urol.

Presentations:

1. The Impact of Inducible Nitric Oxide on the Interstitial Fibrosis of Chronic Ureteral Obstruction
Hochberg DA, Chen J, Vaughan ED, Felsen D

*American Urological Association, Annual Meeting
San Diego, CA June, 1998*

*Ferdinand C. Valentine Essay Competition
New York Academy of Medicine
First Prize, Laboratory Research
March 25, 1998*

2. Prostate Specific Antigen is a Valuable Estimate of Prostate Volume in Patients with Biopsy Proven
Benign Prostatic Hyperplasia
Hochberg DA, Armenakas NA, Fracchia JA

American Urological Association, Annual Meeting.
Dallas, TX May 4, 1999

American Urological Association, New York Section Meeting
Dublin, Ireland October, 1999

Ferdinand C. Valentine Essay Competition
New York Academy of Medicine
Finalist, Clinical Research
March 24, 1999

3. Diminished Suburethral Prostatic Microvessel Density In Finasteride Treated Prostates: A Possible Mechanism of Reduced Bleeding In Benign Prostatic Hyperplasia
Hochberg DA, Basillote JB, Scherr D, Shevchuk M, Fracchia JA

American Urological Association, Annual Meeting
Anaheim, CA June 6, 2001
Selected: Outstanding Research (B.P.H.), AUA 2001

Society of University Urology Residents
Chief Residents Annual Meeting
Anaheim, CA May 31, 2001

American Urological Association, New York Section Meeting
October, 2001

Ferdinand C. Valentine Essay Competition
New York Academy of Medicine
Finalist, Laboratory Research
March 28, 2001

4. Thyrotoxic Hypokalemic Periodic Paralysis
Vassolo M, Hochberg D, Paniagua D

American College of Physicians, Resident Case Report of the Year
Regional Finalist, 1994

Research/Grants:

Laboratory Investigations:

The Impact of Inducible Nitric Oxide Inhibition on the Renal Interstitial Fibrosis of Chronic Ureteral Obstruction
The New York Hospital-Cornell Medical Center
James Buchanan Brady Foundation
Department of Urology, 1997

Evaluation of Suburethral Prostatic Microvessel Density In Finasteride Treated Prostates
A prospective histological evaluation of patients with BPH and gross hematuria to explain the mechanism of reduced bleeding in patients treated with finasteride
Lenox Hill Hospital Department of Urology and Pathology, 2001

Clinical Investigations:

Prostate Specific Antigen is a Valuable Estimate of Prostate Volume in Patients with Biopsy Proven Benign Prostatic Hyperplasia
A prospective analysis of the correlation between PSA and prostate volume in 2,200 patients with biopsy confirmed benign prostatic hyperplasia.
Lenox Hill Hospital Department of Urology, 1998

The Clinical Utility and Cost Effectiveness of Urinary Sediment and Red Blood Cell (SRBC) Assays in the Evaluation of Asymptomatic Microscopic Hematuria (AMH).
A prospective study of 250 consecutive patients with AMH to determine the clinical utility of the SRBC assay versus standard cytology in detecting significant urologic pathology.
Lenox Hill Hospital Department of Urology, 1999

The Histopathological Consequences of Brachytherapy for Prostate Cancer.
Multiple pre-treatment clinical parameters were evaluated for correlation with the results of post-treatment prostate biopsy performed one year after brachytherapy for localized prostate cancer.
Lenox Hill Hospital Department of Urology, 1999

Retrospective Study on the Incidence of Prostate Cancer in Patients with Transitional Cell Carcinoma of the Bladder
University of Miami School of Medicine
Department of Urology, 1994

Merck & Company, Inc.
Awarded Research Grant, 1999
Clinical Research in Benign Prostatic Hyperplasia

Memberships:

American Medical Association 1992-present
American Urological Association 1996-present
American College of Surgeons 1995-present
Hillsborough County Medical Association 2001-present
Florida Medical Association 2001-present

Hospital Affiliations and Privileges:

Saint Joseph's Hospital, Tampa, FL
2001-Present

Tampa General Hospital, Tampa, FL
2001-Present

Memorial Hospital, Tampa, FL
2001-Present

Bay Area Renal Stone Center, St. Petersburg, FL
2001-Present

Tampa Bay Surgery Center, Tampa FL
2003-Present

Clinical Appointments:

Chief of Urology
St. Joseph's Hospital
Tampa, FL
2006-present

Adjunct Assistant Professor of Uro-Gynecology
Department of Obstetrics and Gynecology
University of South Florida School of Medicine
2003-present
